## Summary

I'm an Graduate from Department of Mechanical Engineering at Indian Institute of Technology, Guwahati. Currently investing on myself and is working with a leading financial firm.

I am passionate about team work, aims to bring out a positive impact to the society, believes in ethical practices and focus on performance of service & standards.

I have been in various roles throughout my college years and have good leadership experience and communication skills, have worked on digital marketing, design projects and operations & logistics in companies as intern.

I firmly believe in team building and learning with peers at every stage of life. I love to work for social causes whenever possible. Looking forward to meet amazing people around the world and work for a better world.
